Statement of Correction: Diagnostic Performance of AAP-Recommended Inflammatory Markers in Febrile Infants Aged 60 Days or Younger

Errors occurred in the article by Yankova LC et al, titled “Diagnostic Performance of AAP-Recommended Inflammatory Markers in Febrile Infants Aged 60 Days or Younger,” published in the January 2025 issue of *Pediatrics* (2025;155[1]: e2024068856; doi: 10.1542/peds.2024-068856).

In Tables 1 and 2 and Supplemental Tables 2, 3, and 4, the units for PCT were incorrect. Specifically, the units were listed as “ng/dL” when they should have been listed as “ng/mL” throughout.

The online article has been updated accordingly.
